Capital City Practical Shooters club members must set up at least one stage per year; you can sign up on additional months if you like. When setting up, you are responsible for designing (except for classifiers) and setting up a stage in one of the three bays. You get \$10 off if you set up a stage (free on normal match days, or \$10 off on special classifier matches). The gate is opened for setup at 7.30am. If you have questions, call Greg Bills at 785-233-4942, or email or call one of the other board members. For more information, see <http://www.capitalcitygunclub.com/pistol/ccps.html>.
